

## ORTOPAD® HYPO-ALLERGENIC ADHESIVE PATCHES

The Ortopad® patch is a latex-free orthoptic patch for the treatment of lazy eye (amblyopia) and is available in three sizes:

Junior	67mm x 50mm (up to 2 years old)
Medium	76mm x 54mm (from 2 - 4 years old)
Regular	85mm x 59mm (upwards of 4 years old)

The Ortopad® patch is made of an exceptionally soft and breathable non-woven fleece with special light-occluding pad and skin-friendly hot-melt adhesive.

### General Information

Every package of Ortopad® Fun Pack, Ortopad® Boys and Ortopad® Girls includes:

- 4 different designs
- Individually wrapped occlusion eye patches
- One set of instructions for use per package

### Tape

Monostretch patterned non-woven material. Soft and smooth, lets the skin breathe. Redesigned shape, with nasal slits cut in the patch, for a better fit close to the nose.

### Special light protective inlay

Very thin and soft, provides optimal shielding from light.

### Hypoallergenic latex free adhesive

Adheres well to delicate skin and less irritating to remove. Adhesive free from solvents, latex or natural rubber derivatives and preservatives.

## ORTOPAD® HYPO-ALLERGENIC ADHESIVE PATCHES

### ORTOPAD® FUN PACK

Brightly coloured occlusion eye patches for use in Orthoptic therapy. The “colourful” occlusion eye patches are perfect for young patients. Each package contains an assortment of 4 fun designs. With light-occluding centre pad and hypoallergenic hot-melt adhesive.
