

HEIGHT MEASURE TAPE

A simple, attractive, wall-mounted height measuring device.

The space saving solution with roll-up mechanism.

Uncomplicated mounting on wall with just one screw. With the display window in the head piece, making it easy to read the height. The tape is made of metal and very durable.

This well-suited for hospitals and clinics, particularly paediatrics, orthopaedics, medical practices, pharmacy and fitness studios.

Features

- 0 - 200cm range
- 1mm graduations
- Integrated plate for stability
- Single screw attachment
- Large easy-to-read dial
