

## SELF-INFLATING DIGITAL SPHYG

### UA-767 Plus : One Step Plus Memory

The UA-767 Plus blood pressure monitor incorporates the latest technology for accurate measurements at home. The One Step Plus Memory monitor is fully automatic and inflates to the correct pressure each time a measurement is taken. The monitor stores the last 90 readings in memory and also displays average readings. The average reading feature automatically calculates the "average" of the total readings stored in memory.

The UA-767 Plus has a unique Irregular Heartbeat feature. This monitor provides blood pressure and pulse rate measurements even when an Irregular Heartbeat occurs.

#### Features:

- One button operation
- Irregular Heartbeat feature
- Large digital display
- Fast measurement
- Latex free
- 90 memory recall
- Calculates and displays average readings stored in memory
- Clinically Validated for accuracy
